RECEIVING INSTITUTION

Table with 2 columns: Field (Name of receiving institution, Erasmus ID code, PIC number, Faculty/Department) and Value (Ceska zemedelska univerzita v Praze, CZ PRAHA02, PIC 999912570, Faculty of Tropical AgriSciences)

This is to certify that the staff undertook the training under the Erasmus+ programme at our institution from 13/06/2023 to 26/06/2023 of the academic year 2022/2023 (14 days).

Main content of the training

- The training focused on various key aspects, contributing to the development and realization of the internationalization strategy of both CZU Praha and Sumy State University. Throughout the training, the participant had the opportunity to gain valuable insights into the organizational structure, operational culture, and functioning of CZU Praha. He exchanged experiences, particularly regarding structures, mechanisms, and methods for enhancing the quality of research and scientific tools.
• A significant emphasis was placed on improving the quality of education and services provided to students and staff members. The trainee explored strategies and approaches to enhance the learning experience, foster student engagement, and promote excellence in teaching.
• The training also aimed to enhance procedures and support mechanisms for international student and teacher exchange between the two universities, facilitating a seamless and enriching academic experience for participants.
• One of the primary objectives of the training was to promote cooperation in research and development activities. The trainee actively exchanged ideas, knowledge, and best practices to foster collaborative research projects and strengthen scientific endeavours between CZU Praha and Sumy State University. The training also played a vital role in further integrating Sumy State University with the European Higher Education Area, promoting internationalization and aligning educational practices with European standards.
